APPENDIX B TO PART 9—NOTICE TO SERVICE CONTRACT EMPLOYEES

The contract for (insert type of service) services currently performed by (insert name of predecessor contractor) has been awarded to a new (successor) contractor (insert name of successor contractor). The new contractor's first date of performance on the contract will be (insert first date of successor contractor's performance). If the work is to be performed at the same location, the new contractor is generally required to offer employment to the employees who worked on the contract during the last 30 days of the current contract, except as follows:

Employees who will not be laid off or discharged as a result of the new contract award are not entitled to an offer of employment.

Managerial, supervisory, or non-service employees on the current contract are not entitled to an offer of employment.

The new contractor may reduce the size of the current workforce; therefore, only a portion of the existing workforce may receive employment offers. However, the new contractor must offer employment to the displaced employees for which they are qualified if any openings occur during the first 90 days of performance on the new contract.

The new contractor may employ its current employee on the new contract before offering employment to the existing contractor's employees only if the new contractor's current employee has worked for the new contractor for at least 3 months immediately preceding the first date of performance on the new contract and would otherwise face layoff or discharge if not employed under the new contract.

Where the new contractor has reason to believe, based on written credible information from a knowledgeable source, that an employee's job performance while working on the current contract has been unsuitable, the employee is not entitled to an offer of employment on the new contract.

An employee hired to work under the current Federal service contract and one or more nonfederal service contracts as part of a single job is not entitled to an offer of employment on the new contract, provided that the existing contractor did not deploy the employee in a manner that was designed to avoid the purposes of this part.

Time limit to accept offer: If you are offered employment on the new contract, you will have at least 10 days to accept the offer.

Complaints: Any employee(s) or authorized employee representative(s) of the predecessor contractor who believes that he or she is entitled to an offer of employment with the new contractor and who has not received an offer, may file a complaint, within 120 days from the first date of contract performance, with the Branch of Government Con-

SOURCE: 45 FR 51188, Aug. 1, 1980, unless otherwise noted.

Subpart A—General Provisions

§11.1 Purpose and scope.

(a) The National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321 et seq.) directs that, "to the fullest extent possible, * * * the policies, regulations and public laws of the United States shall be interpreted and administered in accordance with the policies set forth" in the Act for the preservation of the environment. As a means for achieving this objective, Executive Order 11991 of May 24, 1977 (amending E.O. 11514 of March 5, 1970) directed the Council on Environmental Quality (CEQ) to issue uniform regulations for implementation of NEPA by all Federal agencies. These regulations were published in final form on November 29, 1978 (43 FR 55978) as 40 CFR parts 15001508. The CEQ's NEPA regulations require that each Federal agency adopt implementing procedures to supplement their regulations (40 CFR 1507.3). Accordingly, the purpose of this part is to prescribe procedures to be followed by Department of Labor agencies when such agencies are contemplating actions which may be subject to the requirements of NEPA. These regulations do not replace 40 CFR parts 1500–1508; rather they are to be read together with, and as a supplement to, the CEQ's regulations.

(b) It is the responsibility of each agency to comply with the policies set forth in NEPA to the fullest extent possible and consistent with its statutory authority. Each agency shall comply with all applicable requirements of this part except where compliance would be inconsistent with other statutory requirements. However, no trivial violation of, or noncompliance with, these procedures shall give rise to an independent cause of action (cf. 40 CFR 1500.3 and 1507.3(b)).

§11.2 Applicability.

Although all Department of Labor agencies are subject to NEPA, only three of its agencies routinely propose or consider actions which may require the preparation of environment assessments or environmental impact statements. These are the Occupational Safety and Health Administration (OSHA), which acts pursuant to the Occupational Safety and Health Act of 1970 (29 U.S.C. 651, et seq.); the Mine Safety and Health Administration (MSHA), which acts pursuant to the Federal Mine Safety and Health Act of 1977 (30 U.S.C. 801, et seq.); and the Office of Job Corps which purchases and leases land and constructs Job Corps centers pursuant to the Workforce Investment Act of 1998 (29 U.S.C. 2801, et sea.). Therefore, these procedures have been designed primarily with the duties and rulemaking processes of these agencies in mind. If and when other Department of Labor agencies propose actions requiring environmental impact analyses, they shall use these procedures, to the extent that they are applicable, in performing such analyses.
